Hot tub owners shouldn't have to be weekend chemists. So we created a fresh approach to clean water using proprietary Fresh Mineral Water Technology. You'll find it in all of our FROG products—and it offers these four advantages:

CLEANER because it kills bacteria two ways—with minerals and a low level of chlorine
Minerals help keep the pH balanced for **CLEARER** water that shines
Minerals condition the water for a **SOFTER** feel
Cartridges are pre-filled for no mess, no guess, no stress, making maintenance **EASIER**

Up to **75% less chlorine*** with no frustrating “yo-yo” chlorine levels.

Only shock once a month.

Self-regulates for continuous crystal clear water.

Easy on hot tub surfaces with **less odors.**

Single color match for **easy reading** — exclusively with @ease test strips.

No constant monitoring.

No mixing chemicals.

Money-back guarantee.
